In 2022, Netball Australia and Sport Australia launched Netball Learning.

Netball Learning is the new platform on which all learning is housed. This includes enrolments for accreditation courses and workshops, as well as online learning such as the Rules of Netball exam and Sport Australia short courses.

If you have any problems with Netball Learning, please contact Netball Australia's learning team at learning@netball.com.au

Visit learning.netball.com.au to start your learning in 2022.

Your first time here?

Since its launch in December 2021, **Netball Learning** has been the home of all education, training, and mentor opportunities for the Australian Netball community.

I registered for a learning course prior to December 2021: Welcome back! If it is your first time using this new Netball Learning system, please click on the [Forgot username or password link](#). After you login, all your existing learning records will be there waiting for you.

If your email address is not recognised or you are not receiving the activation link in your inbox, [please click here to visit our support guide](#). It is important you **do not create a new account** as your existing achievements will not display on your learning record. Instead, if you are still experiencing issues then [please submit the 'Retrieve My Netball Learning profile' form](#) and our Netball Learning support team will get them resolved for you as soon as possible.

It's my first time learning with **Netball Australia**: Welcome aboard! Click on the 'Create New Account' button below, have a read and agree to the [Terms and Conditions](#), and begin your very own Netball Learning journey.

Need Help? You might find an answer in our [FAQs](#), or you can contact [Netball Learning Support](#).

Ensure you read the instructions and follow the prompts! If you have previously accessed and enrolled in any learning, do NOT create a new account- your previous learning has been transferred to the new system and will not show on your learning record if you create a new account.

Once logged in, you can search for each of the different courses available through the Final Learning function.

Further information about the new platform will be available as soon as possible.
