**Your first time here?**

Since its launch in December 2021, **Netball Learning** has been the home of all education, training, and mentor opportunities for the Australian Netball community.

**I registered for a learning course prior to December 2021:** Welcome back! If it is your first time using this new Netball Learning system, please click on the **Forgot username or password** link. After you login, all your existing learning records will be there waiting for you.

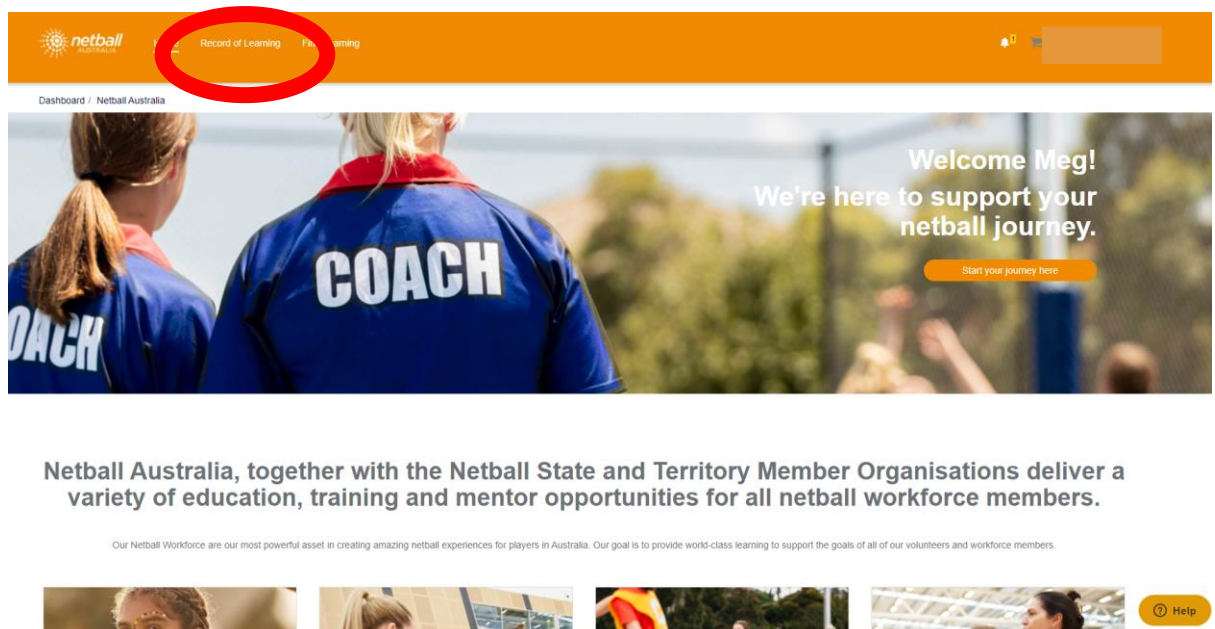

If your email address is not recognised or you are not receiving the activation link in your inbox, **please click here to visit our support guide**. It is important you **do not create a new account** as your existing achievements will not display on your learning record. Instead, if you are still experiencing issues then **please submit the 'Retrieve MyNetball Learning profile' form** and our Netball Learning support team will get them resolved for you as soon as possible.

**It's my first time learning with Netball Australia:** Welcome aboard! Click on the 'Create New Account' button below, have a read and agree to the **Terms and Conditions**, and begin your very own Netball Learning journey.

Need Help? You might find an answer in our [FAQs](#), or you can contact [Netball Learning Support](#).
