

AUSTRALIAN SPORTS FOUNDATION (F4S) PROGRAM

Last updated: September 2022

Australian Sports Foundation is the only sporting organisation in Australia to have deductible gift recipient status for sports. This means that all donations of \$2 or more are tax-deductible! The Fundraising4Sport (F4S) program is a fantastic way to fundraise for Clubs, Associations, and Leagues or for individual athletes.

How much does it cost?

The Australian Sports Foundation is fully self-funded and because of this they only charge a small fee on all donations. They retain 5% for all online transactions and 6% for all cash donations.

How can your Club or Association benefit from F4S?

- Your organisation will receive a personalised fundraising page on their website, with online donation capability.
- Access to webinars, toolkits and success stories to inspire you to fundraise successfully.
- Pre-designed templates and format to make creating your campaign quick and easy.
- A partnership portal where you can complete your registration, upload new campaigns, see donation information, and complete any acquittals for funds received.
- Support and guidance from sports partnerships managers.

What information is needed to sign up?

You will need the following information for your initial application:

- ABN
- Incorporation Certificate via a web link or uploaded document
- Details of an additional contact person for your application

What can you fundraise for?

F4S-registered clubs and organisations can promote tax-deductible donations to fund things like:

- Purchasing or upgrading equipment
- Community and participation programs
- Hosting of sporting events
- Team travel
- Junior development pathways
- High performance programs for senior players
- Development and upgrades of facilities
- Coaching and support staff costs
