## Why Use Engage NV?

*Engage NV* is an easy to use, interactive online platform. It has been designed to help our network stay connected, share information and quickly find resources, online forms and tools.

Members can participate in open and closed discussion forums, polls and surveys, as well as ask questions and learn through sharing stories of success and opportunities for improvement.

*Engage NV* will house the tools and resources used to effectively run a business, as well as provide training and resources for the community, whether it be around coaching, umpiring, volunteering or playing.

The Netball Victoria website will remain a key platform for general information on netball and information on where and how to participate in netball.

## How Do I Log in to Engage NV?
