

## **Senior Netball Coach Vacancy**

### **Carrum Patterson Lakes Football Netball Club**

#### **Join the Pride: Coach With Purpose at CPLFNC**

Carrum Patterson Lakes Football Netball Club (CPLFNC) has a proud and evolving legacy. Originally established in 1911 as Carrum Football Club and revived in 2013 to compete in the Southern FNL, the club has grown to include a dynamic netball program that reflects our commitment to community, inclusivity, and female athlete development.

What began as a single netball team has grown into a three-team program competing in the SFNL. Our division A side claimed the 2021 premiership, and we haven't looked back – building brand new home courts, integrating more deeply into the local community, and continually lifting our standards. All of our teams have earned finals appearances, including a grand final for our Division A side, and our Division D team is currently finals bound.

At CPLFNC Netball, we believe in more than wins - we believe in building women and girls up through sport. Our mantra is simple: *A community-based and family-oriented netball club that welcomes all*. Our netball program is inclusive, progressive and empowers everyone to be the best versions of themselves, on and off the court.

With a talented, committed playing group and solid club foundations, we're now looking for the right leader to help us write our next chapter. Is that you?
