Overview and History

The first Association Championships event was conducted in 2000 and since then the event has gained popularity. Approximately 350 teams regularly compete in the event, involving more than 3600 players.

Association Championships is an integral part of the Netball Victoria pathway for players, coaches and officials. The competition provides important talent identification opportunities for athletes as they continue to develop their skills and play to a high standard.

Association Championships also gives our developing umpires the support and opportunity to learn from our umpire coaches and, in turn, enhance the standard of umpiring across Victoria.

If you have any queries regarding the content of this document, please contact the NV Competitions Team via competitions@netballvic.com.au.

Objectives

- Provide a competition for representative teams as part of the Netball Victoria pathway
- Provide opportunity for player and umpire talent identification
- Deliver umpire and coach development
- Provide participation opportunities for greater athlete and coach development

TID Opportunity

Players – Female

Each year Netball Victoria appoints Talent Scouts to identify talented athletes at Association Championships. Talent Scouts view all athletes in the 15&U and 17&U female age groups in both the Championship and Reserves divisions.

Athletes are identified with the potential to participate in Netball Victoria's High-Performance Pathway Programs, including Talent Academy, State 17&U and 19&U programs.

Netball Victoria Talent Scouts view all athletes in the 15&U and 17&U age groups, and eligible 19&U athletes in the Open division. Following Association Championships, Talent Scouts provide the names of identified athletes for invitation to Talent Academy and State Team screening days

Victorian Regional Academy of Sport (VRAS)

The Victorian Regional Academy of Sport, in partnership with Netball Victoria, conduct Talent Identification in the 13&U division of the Association Championships held in regional Victoria. There are seven regions throughout Victoria who take part in a program that provides development for potential Talent Academy athletes transitioning into the 15&U age group.

The aim of this agreement is to both assist Netball Victoria to reach and service regional areas and to support aspiring Netball athletes in the regional centres of Victoria.

The program links Netball Victoria's High Performance Pathway Programs, in particular the Talent Academy Program with the Regional Academies of sport on a larger scale.

Barwon Sports Academy (Geelong), West Vic Academy of Sport (Ballarat), Gippsland Sports Academy (Newborough), Bendigo Academy of Sport (Bendigo), North East Academy (Shepparton), the South West Academy of Sport (Warrnambool) and Sunraysia Academy of Sport (Sunraysia) are the seven regional academies that participate in the program and are responsible for their own talent scouts.

The program provides development for potential Talent Academy athletes transitioning into the 15&U age group.

Players – Male

Talent identification for male athletes will occur at Association Championships. The Victorian Men's and Mixed Netball Association will be offering TID opportunities for all programs including state teams and academies.

Umpires

Umpires will be selected at each qualifying day to officiate at Finals Day.

Netball Victoria has appointed Umpire Coaches to provide feedback to all umpires at the Association Championships and identify talented umpires who will then be invited to be part of the 2026 Talent Academy Umpire Program.

Marie Little OAM Shield

The Marie Little OAM Shield is an annual tournament that provides women with an intellectual disability the chance to compete at a national level. Named after disability netball pioneer, Marie Little OAM, the competition sees teams from each state compete.

Talent Identification for the Marie Little OAM Shield will occur throughout the All Abilities competition.
